Education

KCC Institute of Legal and Higher Education — Greater Noida, India
Bachelor of Computer Applications (BCA) — *Aug 2024 – 2027*

- **GPA**: 9.72
- Ranked among top performers for 3 consecutive semesters

Experience

Helping Hut NGO
Front-End Developer Intern — *Apr 2026 – May 2026*

- Owned the complete UI/UX redesign of the NGO's newly launching website using Next.js, React, and Tailwind CSS
- Resolved image loading and visual consistency issues across pages, ensuring a polished, production-ready interface
- Curated and gathered content for the website alongside development work, taking ownership beyond core coding tasks

Projects

Verity | *Next.js, React, MongoDB, Tailwind CSS* — Live | Code

- Developed a full-stack NGO impact tracking platform for managing events, volunteer profiles, and community outreach initiatives through a centralized dashboard
- Built responsive interfaces for event management, volunteer coordination, and impact analytics using Next.js and Tailwind CSS
- Integrated MongoDB with Next.js API routes to enable dynamic data management, search functionality, and real-time dashboard statistics
- Implemented analytics features to track participation trends, volunteer engagement, and beneficiaries reached across community initiatives

GitPeek | *React, JavaScript, Tailwind CSS, GitHub REST API* — Live | Code

- Developed a GitHub repository explorer that fetches and displays user data including repositories, stars, and forks via REST APIs
- Implemented dynamic search with loading states and graceful error handling for invalid usernames or failed requests
- Designed a fully responsive UI using Tailwind CSS, optimized for both desktop and mobile viewports

TaskFlow | *React, JavaScript, Tailwind CSS* — Live | Code

- Developed a full-featured task management app supporting create, edit, delete, priority tagging, and due date sorting
- Persisted task data across sessions using localStorage, eliminating the need for a backend
- Implemented dark mode toggle and responsive layout for improved accessibility and cross-device usability

Technical Skills

Languages: JavaScript, HTML, CSS
Frontend: React.js, Next.js, Tailwind CSS
Backend & Database: Next.js API Routes, MongoDB, MongoDB Atlas
Concepts: REST APIs, CRUD Operations, Responsive Web Design
Tools & Platforms: Git, GitHub, Vercel, VS Code

Achievements & Activities

- Strong communicator with a passion for debate, honed through inter-college debate competitions involving public speaking and logical argumentation
- Maintained a **9.72 GPA** across 3 consecutive semesters, consistently ranking among the top students in the cohort
